Photographer agrees to fulfill his/her obligations as outlined in said agreement .Client understands that by signing said agreement, he/she is hiring out the services of the photographer stated on the front of agreement ,and therefore , the retainer paid,not only allows for procurement of wedding day supplies & materials , but furthermore, ties photographer to that date, potentially at the cost of further bookings , and for this reason , is not refundable. By the same token, if photographer should suffer any illness which would prevent him/her from meeting the above mentioned obligations (p.s. this has never happened), client will be given a choice between a full refund, or a qualified replacement through our staff or the Professional Photographer's Guild of Austin.
